and acquisition - Puthur - South Kanara - Quarters for the Revenue Divisional Officer.

Copy of letter No.123-H, dated 19-1-24, from W.J.Davis, Esq., Executive Engineer, West Coast Division, to the -- Collector of South Kanara.

In consideration of the bad condition of the buildings, I do not consider the house and land are worth the amount of Rs.8269-13-7 compensation awarded by the District Court, against Rs.2549-8-9 awarded by the Revenue Department. In addition to this Government have to expend about Rs.1200 towards initial cost of repairs to the buildings to render them fit for occupation. From the report received from my Sub Divisional Officer, it is apparent that the basement and walls of the buildings are infested with white-ants which might now and again attack the wood work of doors, windows and roof. The proposal to acquire the house and land may therefore be dropped, as good sites are available close to the plaint property one of which may with advantage be acquired and built upon.

Copy together with copy of Collector's letter, forwarded to the Superintending Engineer, Coimbatore Circle, for information.

There are suitable sites near the village than the -- Commonwealth bungalow mentioned by the Collector and in my opinion it is better to buy a site and put up a new building.

I enclose a copy of the decree and award passed by the District Judge in the above case and request that, if you have no objection, the extra amount of compensation may be deposited in Court before taking possession of the land and buildings. In this connection, I shall be glad to know whether you consider the house and land are wofth the extra amount awarded, and whether the whole amount could not be better expended on building a new house for the Divisional Officer. Please also see your letter No.66-M, dated 11-1-23. I also enclose a copy of my note of the inspection of buildings at Puthur.

Copy of the note of the inspection of buildings at Puttur of G.W.Wells, Esq., M.A., I.C.S., Collector of South Kanara, d/8-12-23.

--

This evening I visited the house of Mr. Venkatakrishna Rao under acquisition in the proceedings which are still pending. I believe the amount awarded by the District Court is something over 8 thousand rupees. Office please verify.

Afterwards I proceeded to the bungalow on the Mangalore road -- belonging to the late Basel Mission. A large tiled bungalow, -- apparently used by the Basel Mission to accommodate two families, standing on high ground and approached by a drive between an avenue of casuarina trees. The Divisional Officer suggests that if the negotiations with regard to Mr. Venkatakrishna Rao's house should fall through or the acquisition be finally considered undesirable or be expensive in view of the nature of the building, it might be a good thing to acquire this building of the late Basel Mission for the residence of the Divisional Officer, and if necessary use half of it as his office. The compound is large and would afford room for building houses for several clerks.

Subsequently we proceeded to the house of Mr. Coelho in Puttur town an upstair building with a fairly large verandah. The Divisional Officer believes that this might be obtained on a lease of about 8 years for a rent of about 25 to 30 rupees.

(F)

In the Proceedings of the Public Works Department, No.Mis.972 W., dated the 14th July 1921 communicated with Revenue Endorsement No.3947-D-21-1, dated the 23rd July 1921, Government approved of the proposal to purchase at a cost of Rs.2500 of a piece of land and the building thereon, for use as the residence of the Revenue Divisional Officer at Puttur. The Land Acquisition Officer awarded a compensation of Rs. 2549-8-9 for both the land and the building. Being dissatisfied with the Land Acquisition Officer's award, the owner demanded a reference to the Court under section 18 of the Land Acquisition Act. The District Court passed orders on the

the reference in September 1923 and enhanced the compensation to Rs.8269-13-7. The Court has further ordered the payment of the costs to the claimant which amount to Rs.777-10-5.

2. The Local Executive Engineer is of opinion that the land with the building on it, is not worth the amount awarded by the Court and that in addition to this a sum of Rs.1200 should be spent to render the building fit for occupation. He also adds that the basement and walls of the buildings are infested with white ants which might frequently damage the wood work of the buildings and recommends accordingly that the proposal to acquire the building may be given up. The Collector supports the Engineer's recommendation. The Board accordingly submits for Government's approval and publication in the Fort St. George Gazette a notification under section 48 of the Act, withdrawing from the acquisition. The land and the building have not yet been taken over.

3. The Collector requests orders before the 3rd March 1924 as the owner of the building proposes to appeal to the High Court against the District Judge's order referred to in paragraph 1 supra. The appeal time expires about the end of the first week of March.

3.3.24

The large disparity between the Land Acquisition Officer's award (Rs 2549-8-9) which was only slightly in excess of the original estimate of Rs 2,500 and the award by the Court of Rs 8,269 shows that either the original award was a gross under payment or that the Dt. Judge was perverse. The Rev. Deptt. may be requested to make an inquiry.
